EDUCATION

Bachelor of Technology in Computer Science, GLA University, Mathura

June 2025

Intermediate,Seven Hills , Etawah

May ,2021

High School, Seven Hills, Etawah

May 2019

CERTIFICATIONS

Jun 2023 – July 2023

JavaScript Learning

Completed a comprehensive JavaScript course on Coursera, covering fundamentals such as variables, functions, DOM manipulation, event handling, and asynchronous programming. Developed dynamic web development skills and practical coding proficiency.

PROJECTS

Web Site

Aug 2023 – Sep 2023

E-Commerce Website

- Developed a fully functional e-commerce website using HTML, CSS, and JavaScript.
- Integrated RESTful APIs for dynamic product management and data handling.
- Implemented user authentication and secure login functionality.
- Designed a responsive and user-friendly interface for seamless browsing across devices.
- Added features like product search, category filtering, and shopping cart functionality.

LIBRARY MANAGEMENT SYTEM

- Developed a Library Management System using HTML, CSS, and JavaScript.
- Enabled book catalog management and efficient issue/return tracking.
- Implemented search functionality and user registration.
- Designed a responsive and user-friendly interface for smooth library operations.

Amazon Clone Project

- Developed a responsive web interface mimicking Amazon's design using HTML and CSS.
- Focused on layout design, styling, and creating a user-friendly experience.
- Gained experience in replicating real-world e-commerce platforms.

SKILLS

Technical

- **Programming Languages:** Java , JavaScript
- **Web Development:** HTML, CSS, JavaScript
- **API Integration:** RESTful APIs
- **Database Management:** Basics of database operations (if applicable)
- **Software Development:** Library Management Systems, E-commerce platforms

Professional

Problem-Solving: Ability to analyze and resolve technical challenges efficiently.

- **Teamwork:** Experience collaborating on projects and workshops.
- **Time Management:** Prioritizing tasks and meeting deadlines effectively.
- **Communication:** Strong written and verbal communication skills for clear technical and non-technical discussions.
- **Adaptability:** Quick learner, capable of working with new technologies and tools.

EXTRA/CO-CURRICULAR ACTIVITIES

C Programming Workshop

Gained hands-on experience in core C programming concepts, including data types, control structures, functions, and pointers. Enhanced problem-solving skills by implementing real-world examples and debugging techniques.

DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
